2. The Library, OCD, has been advised finally and definitely that the Office of Training is not in a position to assist in the translation of the Russian union catalogue from the Library of Congress.

3. Discussion of probable administrative training program with  and others.

4. It will be desirable for the next six weeks to have close contact by Colonel Baird  with the developing program and naturally evolving problems of the Language Training Center so that there will be clear understanding of programs and responsibilities by Colonel Baird, .

As of the end of this week, all language training matters are being transferred to the province  I feel that it is poor procedure for me to assume any further actual or implied supervision for language training matters. It will probably take several weeks to wind up the stray ends of my own language training connections, - F. S. I., after-hours voluntary courses, etc.

5. I am planning to take on additional classes (four hours for each UTG/A group) in the brief administration program at Alcott Hall; and I expect to visit OPC, as requested, at the earliest opportunity.
